### APPLICATION FOR COMMUNITY PRESERVATION ACT FUNDING

Date Application Submitted:	August 7, 2019					
Name of Project Applicant:	Brewster Affordable Housing Trust					
Name of Co-Applicant(s), if applicable:						
Name of Contact Person:	Donna Kalinick & Jill Scalise					
<b>Contact Person's Mailing Address:</b>	2198 Main St. Brewster Town Hall					
Contact Person's Daytime Phone Number:	508-896-3701 X1130 or X1169					
Contact Person's email Address:	dkalinick@brewster-ma.gov or jscalise@brewster-ma.gov					
Proposed Project Name:	Preservation of Subsidized Housing Inventory (SHI) Housing: Acquisition & Rehabilitation of Homes on the Town's SHI					
Project Address (or assessor's parcel ID):	Yankee Drive & Belmont Park					

### **Project Synopsis:**

In May 2018, the Town of Brewster created a Municipal Affordable Housing Trust, approved by Town Meeting. The purpose of the Trust is to provide for the preservation and creation of affordable housing in the Town of Brewster for the benefit of low and moderate income households and for the funding of community housing as defined in and in accordance with the provisions of Massachusetts General Laws, Chapter 44B. There are currently 300 housing units on the Town's Subsidized Housing Inventory (SHI) or 6.25% of our year round housing inventory. The goal of this project is to preserve current SHI homes that are at risk of being lost as part of Brewster's affordable housing stock. Specifically, two of the single family homes on the SHI are vacant and in need of repairs. The Trust proposes to work with the Department of Housing and Community Development (DHCD) to purchase these homes, undertake the necessary repairs and identify, through Fair Housing Practices, new eligible buyers for the homes. The Trust has already been working on the first property at Yankee Drive. The Trust was created to be a nimble entity that could intervene in situations as described above and ensure that current housing on our SHI is preserved.

Category: 🗆 Open Space	□ Historic Preservation	□ Recreation	X Community Housing
------------------------	-------------------------	--------------	---------------------

**CPA funding requested** \$500,000

**Total Cost of Proposed Project \$** 511,170

### **PROJECT DESCRIPTION**

Please describe your project, answering <u>all</u> of the following questions in the order presented. Applications will be considered incomplete if all requested information is not provided. Include supporting materials (maps, diagrams, photos, etc.). Please number pages of application.

1. **Project Description:** Describe the proposed project. Is this part of a larger project or an ongoing project? The goal of this project is to preserve present affordable housing in Brewster. It is part of the Housing Trust's larger goal to create and preserve affordable housing and address the Town's community housing needs. It is an ongoing project as there are, at times, homes on the SHI which need intervention and assistance to preserve their affordability.

This particular project is to identify Subsidized Housing Inventory (SHI) units that are non-compliant and/or at risk of being lost as part of Brewster's affordable housing stock. The Trust is proposing to use funds to rehabilitate and/or purchase the units; therefore, ensuring that they remain on our SHI and provide affordable housing to our residents. Specifically, the Town and Trust has identified two homes which are presently uninhabited and deteriorating. In consultation with the Department of Housing and Community Development (DHCD) and legal counsel, the Trust is working to get these homes back in use. The Trust is requesting \$500,000 to have funds available to rehabilitate and, if needed, purchase at risk SHI units. The goal is to return the units to the required, live-able & mortgage appropriate condition to resell them to affordable home buyers. The new deed riders would also survive foreclosure and have an Area Median Income (AMI) resale formula, thus protecting future affordability.

The Town, through the oversight of the Trust, has begun the process with one SHI property, 212 Yankee Drive. This uninhabited home suffered severe water damage. The Town has been in contact with DHCD, legal counsel and the conservator overseeing the property owner's legal and financial affairs. A plan has been created in coordination with these entities. The conservator provided the Town access to the home. The Brewster Building Commissioner inspected the damage at the home. The Trust designated funds for legal counsel and an appraisal of the property, which is needed to determine the resale price. The appraiser has determined the fair market value of the home, after full repairs, at \$397,000. The affordable deed rider lists a discount rate equal to 30% of the appraised fair market value. Thus, the affordable sale price would be \$277,900 after repairs. A quote estimating the cost of required restoration has been requested. As the property owner does not have the funds to fix up the home for resale, the Trust becomes the agent to purchase, if needed, rehab and resell the property.

This home is one example of an immediate, crisis situation which is part of a greater need. We have identified two homes requiring timely attention.

The Housing Trust is following through with Brewster's Housing Production Plan (HPP), implementation strategy #10 which states: "Develop & carry out a plan to preserve Brewster's existing affordable units, especially SHI units with restrictions that expire in the next few years." Additionally, the Vision Plan also encourages the Town to "review the current housing stock and town owned land, identify needs, promote existing programs and create innovative new programs."

Brewster has 23 SHI homes which determine the resale price with deed discount that is a percentage of fair market value. These older deeds do not survive foreclosure and often have a limited time for an affordable resale or else the home is at risk of losing the deed restriction. With this formula, and the increase in market rate housing value, the homes are not affordable to potential low and moderate income buyers. This is part of the reason the Buy-Down grant program was created by the Community Preservation Committee.

When preservation grant funds are used the benefits include:

- 1. The home does not lose it affordable status and will remain part of Brewster's SHI.
- 2. The home will be inhabited and actively provide affordable housing in Brewster.
- 3. The deed will survive foreclosure in the future.
- 4. The home's resale price will be indexed to the AMI not the fair market value. Again, helping ensure future affordability.

This project to preserve SHI homes addresses numerous criteria noted by the CPC:

- Contribute to the preservation of Brewster's unique character by preserving our affordable homes.
- Boost the vitality of the Town economically through the repair of the homes and with year round residents who will live and work in Brewster.
- Enhance the quality of life for Brewster residents- for both the residents who will live affordably in the home and the neighbors who will not have a vacant, unkempt, unappealing home in their neighborhood.
- Save resources that would otherwise be threatened- affordable housing.
- Serve a currently under-served Town population households making 80% of Area Median Income.
- Demonstrate practicality and feasibility, and ability to implement within budget The budget and costs have been determined in a methodical, informed manner.
- Demonstrate a positive cost/benefit relationship Repairing and/or purchasing and reselling the homes is much less expensive than building new affordable housing.
- Leverage additional public and/or private funds We expect to leverage funds with DHCD.
- Preserve, enhance or better utilize existing Town resources Affordable homes on the SHI are a Town resource. This will enable the Town to preserve, enhance and better utilize the at-risk SHI homes.
- Receive endorsement by other Town committees and the Brewster public at large The Brewster Housing Partnership and Select Board support this request.
- 2. For Historic Preservation projects: Attach proof of listing on the State Register of Historic Places or a letter from the Brewster Historic Commission indicating that the resource has been determined to be significant in the history, archaeology, architecture, or culture of Brewster. Please note that rehabilitation projects must comply with the Secretary of the Interior Standards for Treatment of Historic Properties. Additional information and analysis will be needed for projects submitted by churches/religious organizations to determine if they comply with the SJC's Caplan vs. Town of Acton decision.
- **3.** CPA Goals/Criteria: Describe how this project accomplishes the goals and objectives of the CPA (refer to the attached general and issue-specific criteria and identify which of these apply to the project).

The proposed project meets the following community housing goals:

- Increase local capacity to plan, advocate for, and create affordable housing, preserve the affordability and condition of existing affordable units, and monitor affordable housing restrictions.
  - This project is directly preserving the affordability and condition of existing affordable units. The project involves the monitoring the restrictions of units at risk of loss and then responding and intervening to repair units, make sure they are complying with their deed restrictions (for example: inhabited), and ensure their continued affordability.
- Provide at least 10% of Brewster's year-round housing units as affordable housing in order to meet local and regional needs.
  - These units are all on the SHI and are counted as part of the Town's progress toward 10% affordable housing. If they are not preserved, Brewster will reduce its present percentage of affordable housing.
- Ensure long term affordability.

- Through this project new requirements will be put in place via the universal deed rider. This deed rider survives foreclosure, determines resale price based on an Area Median Income formula and continues in perpetuity.
- Give priority to local residents, town employees, employees of local businesses, and households with children in Brewster schools as allowed by law.
  - Whenever allowed by law, the Trust will give priority to local residents, employees and households with children in Brewster schools. Any homes for resale will be aggressively marketed in Brewster.
- 4. Community Benefits: What are the community benefits of the project? This project will keep affordable homes in Brewster, improve the appearance of neighborhoods by fixing up homes which are presently deteriorating, and turn vacant homes into family homes. Abutters and local neighbors have contacted the Town about these properties, are concerned about their present status, and have requested assistance in getting them fixed up and occupied.
- **5.** Community Support: What is the nature and level of support for this project? Include letters of support and any petitions.

The project is supported by the Select Board and Housing Partnership. See included letters of support.

**6. Timeline:** What is the schedule for project implementation, including a timeline for all milestones? Please identify any special timing considerations for the project's implementation. If this is part of a larger project, is it phased? What is the timeline for the entire project?

Timeline for initial phase and requested funding: ASAP: Rehabilitation and resale of 212 Yankee Drive Spring/Summer 2020: Begin process with DHCD regarding second home

Schedule of completion for initial phase of project: 2 years

One of the challenges with the timeline is not knowing when an emergency situation will occur. For example, in July a SHI homeowner with a deed from the 1990's discussed looking to sell their home this fall. This would be a situation where preservation funds might be needed very quickly to maintain the home's affordable deed restriction.

The entire project of preservation of SHI homes will be an ongoing project. Once all deed riders are in the "Universal Deed Rider" form, the need for preservation assistance should be reduced dramatically. There is not a specific date for this as it is contingent on home resales.

7. Credentials: What are the qualifications and relevant experience of those undertaking the project?

The Trust consists of seven members, all with community housing interest and experience. By having representatives of the Town administrator, Select Board, CPC, Housing Partnership and Planning Board; the Trust has a breadth of background and expertise. The two at-large representatives also bring significant knowledge including legal and housing data backgrounds. Members have attended information sessions on numerous housing issues including a specific training for Housing Trusts.

The Trust has also received guidance from legal counsel, DHCD, and Mass Housing Partnership about the resale and preservation process. The Town Housing Coordinator will provide staff support to the project.

8. Budget/Need for Public Funds: What is the total budget (sources of funds and uses/expenses) for the project and schedule for expenditure of CPA funds? All sources of funds and expenses must be clearly identified. Provide the basis for cost estimates whenever possible. (Note: CPA funds may not be used for maintenance.)

If this is part of a larger project, what is the budget for the entire project (sources of funds and expenses/uses)?

Clearly identify what additional funding sources are available, committed, or under consideration and why public funding would be appropriate. Include copies of commitment letters, if available, and describe any other attempts to secure funding for this project.

Provide the most recent audited financial report or if none available, an applicant generated financial report that includes a balance sheet and operating budget. Town-sponsored projects must demonstrate why the project cannot be funded through the Department's or Committee's budget.

**Financials:** Please see attached financial report, and ledger history, for the Brewster Affordable Housing Trust Fund.

### **Budget:** Preservation of Subsidized Housing Inventory (SHI) Housing:

Acquisition & Rehabilitation of Homes on the Town's SHI

- \$511,170 Estimated cost to purchase & repair 2 SHI homes
  - \$277,900.
    - The appraiser has determined the fair market value of the home, after full repairs, at \$397,000. The affordable deed rider lists a discount rate equal to 30% of the appraised fair market value. Thus, the affordable sale price would be \$277,900 after repairs. DHCD has stated that the repair costs could be deducted from the sale price of the home if purchased by the Town. Therefore, the repair costs are included in the listed sale price.
  - \$228,270
    - 228,270 is the present assessment of second home (based on assessor's records). At this time, there is not an appraisal of the home. Based on the deed rider and Yankee Drive home, it is expected the actual resale amount will be greater. It is also expected that DHCD could make up this difference.
  - \$5,000 Legal fees & appraisal & related administrative costs
    - \$2,000 was already approved by Trust for legal fees and appraisal for 212 Yankee Drive

Part of the goal of this grant request is to have funds immediately available when situations like this occur. The requested funds are expected to support these present two identified SHI homes. However, if anticipated costs or situations change, the grant funds would be used specifically for preserving SHI housing. Additionally, after a home is resold, the funds could then return to the Trust for future use, including continued SHI purchase or rehabilitation.

Additional Funding:

- Approximately \$20,000 is available from earlier CPA designation, funds (\$2,000) have already been allocated for legal counsel fees and appraisal.
- With the CPA funding, additional rehabilitation funds may be leveraged from DHCD. An amount has not yet been determined but, based on current discussions and past experience, is expected. (For example, in 2010 DHCD provided a \$20,000 subsidy, leveraged by a \$30,000 Town Buy Down grant, to ensure the affordable resale of a SHI property.)
- In-Kind contributions- Staff oversight of the process by the Housing Coordinator and Assistant Town Administrator.

**9. Maintenance:** If ongoing maintenance is required for your project, who will be responsible for maintenance and how will it be funded?

The Housing Trust, with the support of the Housing Coordinator, will have oversight of the project. Once a specific home is resold, there will not be additional costs for the Town related to this project. The Housing Coordinator will continue monitoring all SHI homes and will also provide general housing support to Town residents, including sending yearly letters to SHI owners. Funds for preservation of additional SHI homes could come from the monies received when a Town purchased and/or rehabilitated SHI home is resold.

**10. Site Control and Appraisal:** If the project involves acquisition of real property, provide evidence of site control (deed, purchase and sale, option, etc.). In addition, provide an appraisal of the property's value by a state licensed appraiser using customary appraising techniques. The CPA does not allow funding for acquisitions if the acquisition price is greater than appraised value.

Please see attached appraisal which includes the assessor's record for 212 Yankee Drive and the deed and the deed rider.

### Town of Brewster Community Preservation Committee CATEGORY SPECIFIC CRITERIA

### (Identify which of the following criteria apply to your project.)

### **Open Space Proposals**

- Permanently protect important wildlife habitat, including areas of significance for biodiversity, diversity of geological features and types of vegetation, contain a habitat type that is in danger of vanishing from Brewster or preserve habitat for threatened or endangered species of plants or animals.
- □ Provide opportunities for passive recreation and environmental education.
- □ Enhance or protect wildlife corridors, promote connectivity of habitat and prevent fragmentation of habitats.
- □ Provide connections with existing trails or potential trail linkages.
- □ Preserve scenic views or border a scenic road.
- □ Protect drinking water quantity and quality.
- □ Provide flood control/storage.
- □ Preserve important surface water bodies, including wetlands, vernal pools or riparian zones.
- Preserve priority parcels in the Town's Open Space Plan/maximize the amount of open land owned by the Town of Brewster.

### **Historical Preservation Proposals**

- MANDATORY: Must be on the State Register of Historic Places <u>or</u> have a letter from the Brewster Historical Commission indicating that the resource has been determined to be significant in the history, archaeology, architecture, or culture of Brewster.
- MANDATORY: Project must meet Secretary of the Interior Standards for rehabilitation and/or restoration of Historic Preservation Properties.
- MANDATORY IF REQUEST IS FROM A CHURCH/RELIGIOUS ORGANIZATION: The project must satisfy the analysis outlined by the SJC's Caplan vs. Town of Acton decision.
- □ Protect, preserve, enhance, restore and/or rehabilitate historic, cultural, architectural or archaeological resources of significance, especially those that are threatened.
- Protect, preserve, enhance, restore and/or rehabilitate town-owned properties, features or resources of historical significance.
- □ Protect, preserve, enhance, restore and/or rehabilitate the historical function of a property or site;
- Demonstrate a public benefit and/or public access, or

- □ Otherwise provide permanent protection for maintaining the historic resource.
- □ Project site should not be privately owned unless there is demonstrable public access and benefit.

### **Community Housing Proposals**

- □ Increase the supply of year-round affordable rental housing for all types of households, such as young singles and couples, families, and seniors.
- □ Build support for addressing housing needs through partnerships with conservation groups and non-profit and for-profit developers.
- □ Create housing that is affordable and appropriate for very low-income seniors and people with disabilities.
- X Increase local capacity to plan, advocate for, and create affordable housing, preserve the affordability and condition of existing affordable units, and monitor affordable housing restrictions.
- □ Increase the variety of mixed-income housing choices in Brewster, particularly in or near commercial areas in order to support Brewster's economy and accommodate household growth.
- X Provide at least 10% of Brewster's year-round housing units as affordable housing in order to meet local and regional needs.
- X Ensure long term affordability.
- X Give priority to local residents, town employees, employees of local businesses, and households with children in Brewster schools as allowed by law.

### **Recreation Proposals**

- □ Support multiple active and passive recreation uses.
- □ Serve a significant number of residents and visitors.
- **□** Expand the range of recreational opportunities available to all ages of Brewster residents and visitors.
- □ Benefit other Brewster committees providing recreational resources to residents.
- □ Promote the use of alternative corridors that provide safe and healthy non-motorized transportation.

### Please note the following attachments with this grant application:

- 1. Letters of Support from the Brewster Housing Partnership and Select Board
- 2. Appraisal Report for 212 Yankee Drive also including:
  - Brewster Assessor's Card FY2019
  - Deed and deed rider
  - Brewster Building Commissioner's Site Visit Observations
- 3. Financial Report for Brewster Affordable Housing Trust Fund
- 4. Ledger Report for Brewster Affordable Housing Trust Fund

# July 31, 2019

Ms. Faythe Ellis Chair-Community Preservation Committee Brewster Town Offices 2198 Main Street Brewster, MA 02631

Re: Brewster Housing Trust

Chair Ellis,

Please accept this letter as confirmation of the Brewster Select Board's July 1<sup>st</sup> vote in support of the Brewster Housing Trust's Community Preservation application to preserve houses that are currently on our subsidized housing inventory (SHI).

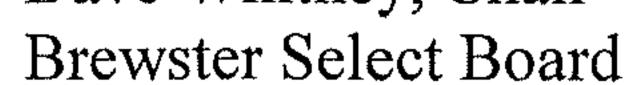

The Select Board and the residents of Brewster supported the creation of the Housing Trust in order to preserve, support and create affordable housing in the town. The Trust has the flexibility and authority to assist the town in ensuring these homes stay in our affordable housing stock and that we find eligible residents to live in them. Community Preservation Funds are critical to the success of the Housing Trust in their efforts to preserve and support existing affordable homes.

Consistent with the goals the Housing Production Plan to develop and carry out a plan to preserve Brewster's existing affordable units, especially SHI units with restrictions that expire in the next few years; the Trust will facilitate the rehabilitation and transfer of existing homes and update current deed riders to ensure long term affordability.

Thank you to The Community Preservation Committee for your good work and financial support of housing.

Sincerely,

Dave Whitney, Chair

Brewster Housing Partnership 2198 Main Street Brewster, MA 02631-1898 Phone: (508) 896-3701 Fax: (508) 896-8089

Re: Brewster Affordable Housing Trust

Chair Ellis,

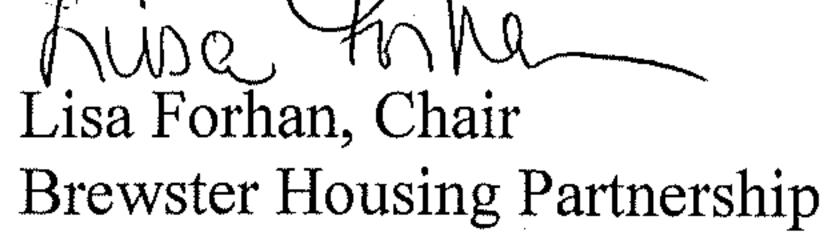

Please accept this letter as confirmation of the Brewster Housing Partnership's July 11<sup>th</sup> vote in support of the Brewster Affordable Housing Trust's Community Preservation application to preserve houses that are currently on our subsidized housing inventory (SHI).

At numerous meeting, the Partnership has expressed concern about at-risk affordable homes in Brewster and discussed best practices to retain our SHI homes. The Housing Trust was created in order to preserve, support and create affordable housing in the town. The Trust has the flexibility and authority to assist the town in ensuring these homes stay in our affordable housing stock and that we find eligible residents to live in them. The Housing Partnership enthusiastically supports Community Preservation funding for the Trust to preserve and support existing affordable homes.

Consistent with the goals of the Housing Production Plan, and the corresponding implementation strategy, to develop and carry out a plan to preserve Brewster's existing affordable units, especially SHI units with restrictions that expire in the next few years; the Trust will facilitate the rehabilitation and transfer of existing homes and update current deed riders to ensure long term affordability.

Thank you to The Community Preservation Committee for your good work and financial support of housing.

Sincerely, (/)

	Client:	Town of Brewster Affordable Housing Trust
	File No.:	062811R19

Opinion of Value: \$397,000 Effective Date: July 2, 2019

In accordance with your authorization I have appraised the above captioned real estate and respectfully submit an appraisal report of the property. The intended use of the appraisal opinions and conclusions contained in this report is to assist you with setting a sale price. The effective date of value of this report is July 2, 2019 which was also the date of inspection. The date of the report was July 23, 2019. The appraisal has been made under the assumption that the dwelling has been fully repaired, as noted in the appraisal. The appraisal has been made under the assumption that the subject is not deed restricted as an affordable housing property.

The attached appraisal report contains the descriptions, analyses, and supporting data for the conclusion, and the final opinion of value. The appraisal and report have been prepared under Standards Rules 1 and 2 of the Uniform Standards of Professional Appraisal Practice as promulgated by the Appraisal Standards Board of the Appraisal Foundation, 2018-2019 Edition, and all applicable laws, regulations, and guidelines.

My opinion of the value of this property was reached on the basis of the data, analyses, and conclusions contained in this report and held in my work file.

The attached appraisal contains the report plus related exhibits. This letter serves as introduction to the report. Thank you for the opportunity to have been of service in this matter. Do not hesitate to contact me if you require further assistance.

Yours truly,

Lina A Concen

<b>–</b>	
	Indicated Value by: Sales Comparison Approach \$ 397,000 Cost Approach (if developed) \$ 420,573 Income Approach (if developed) \$ Not Developed
	Final Reconciliation Sales comparison approach given primary weight in analysis & adequately represents actions of the buyers & the sellers in the market. Cost approach
	developed as support for the sales comparison approach but given little weight due to lack of vacant land sales in the subject's market area. The income approach was not
	developed as the neighborhood is predominantly owner-occupied & homes here are not purchased to rent. No reliable GRM available. The appraisal has been made under
	the assumption that the subject is not deed restricted as an affordable housing property.

# SUPPLEMENTAL ADDENDUM

ADDITIONAL CERTIFICATION: I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report, within the three-year period immediately preceding acceptance of this assignment.

APPRAISAL FORMAT: This is a Real Estate Appraisal report developed and prepared under Standards Rules 1 and 2 of the Uniform Standards of Professional Practice as promulgated by the Appraisal Standards Board of the Appraisal Foundation, 2018-2019 Edition; and all applicable laws, regulations, and guidelines.

REASONABLE EXPOSURE TIME: Exposure time is defined as: "(1) The time a property remains on the market. (2) The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based on an analysis of past events assuming a competitive and open market. See also: marketing time." The Dictionary of Real Estate Appraisal, Fifth Edition, Appraisal Institute, 2010, page 73. A comment on reasonable exposure time is required when exposure time is a component of the definition of market value. In the case of the subject property, reasonable exposure time is estimated at less than 3 months assuming professional marketing and pricing.

EXTRAORDINARY ASSUMPTION: It has been assumed that the subject property conforms to all public land use regulations as they apply, unless otherwise described within this report.

HYPOTHETICAL CONDITION: The subject experienced water damage and was in need of repair at time of inspection. For the purposes of this report, the hypothetical condition exists that all necessary repairs have been complete and the subject property is in competitive, marketable condition.

SPECIAL ASSESSMENTS: All towns in Barnstable County have a temporary Land Bank tax or a Community Preservation tax. This surcharge to the real estate tax will continue indefinitely until reversed by Legislation. This tax is calculated at 3% of the town real estate tax. For Chatham and Provincetown, the Land Bank portion of the tax is calculated at 3% of the town real estate tax, with the CPA portion also calculated at 3% of the town real estate tax after deducting the first \$100,000 of valuation. This special assessment is expected in the market and does not have an adverse effect on value or marketability of the subject property.

ADDITIONAL ENVIRONMENTAL LIMITING CONDITIONS: The value conclusion is based on the assumption that the property is not negatively affected by the existence of hazardous substances or detrimental environmental conditions unless otherwise stated in this report, including but not limited to mold, fungus, bacteria, virus, and other organic pathogens. The appraiser(s) is/are not expert in the identification of hazardous substances or detrimental conditions. At the time of inspection, water damage had occurred in the dwelling. As the appraiser is not an expert in mold identification or remediation, it is recommended that the client retain the services of a mold services expert to determine if remediation is necessary. See letter from building inspection incorporated as reference.

### **Supplemental Addendum**

Client	Town of Brewster Affordable Housing Trust						
Property Address	212 Yankee Dr						
City	Brewster	County	Barnstable	State	MA	Zip Code	02631
Appraiser	Linda Coneen, MRA, SRA						

PERSONAL PROPERTY and PROPERTY INSPECTION: No personal property has been considered in the analysis. An appraisal of real property is not a "home inspection" and should not be construed as such. The appraiser has performed a visual inspection of the accessible areas of the improvements only, and this appraisal cannot be relied upon to disclose any hidden or unapparent conditions and/or defects in the property. The presence of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

NON-CONFORMING IMPROVEMENTS: Site size was smaller than required by current zoning. However, improvements can be rebuilt on the original footprint if destroyed by natural causes or fire, according to the zoning by-laws of the Town. The pre-existing nature of the site has no negative affect on the value or marketability of the subject property.

SEEPAGE: The subject has a private on-site wastewater disposal system. On the date of inspection, no seepage was noted. This community does not offer municipal sewer service. Private septic systems are common to this region, market accepted and anticipated, and not a detriment to values or marketability.

TITLE V REGULATIONS: Effective March 31, 1995, 310CMR15.000 "The State Environmental Code, Title V; Standard Requirements for the Siting, Construction, Repair, Replacement, and Maintenance of On-Site Sewage Treatment and Disposal Systems for the Transport and Disposal of Septage", went into effect. This appraisal is made under the assumption that the private on-site wastewater system is in compliance with the law, unless otherwise noted.

APPROACHES TO VALUE DEVELOPED: Not all approaches to value are applicable to every assignment. When an approach is not applicable to a given assignment, it is irrelevant and therefore is not developed. An approach is applicable when it addresses analysis that is typical practice in such as assignment. Typical practice is measured by the expectations of participants in the market for appraisal services, and what an appraiser's peers' actions would be in performing the assignment.

ADDITIONAL COST APPROACH COMMENTS: The cost approach has only been developed by the appraiser as an analysis to support the opinion of the property's market value. Use of this data, in whole or part, for other purposes is not intended by the appraiser. Nothing set forth in the appraisal should be relied upon for the purpose of determining the amount or type of insurance coverage to be placed on the subject property. The appraiser assumes no liability for and does not guarantee that any insurable value estimate inferred from this report will result in the property being fully insured for any loss that may be sustained. Further, the cost approach may not be a reliable indication of replacement or reproduction cost for any date other than the effective date of the appraisal due to changing costs of labor and materials and due to changing building codes and governmental regulations and requirements.

GENERAL ASSUMPTIONS: GLA taken from assessor's property record card and confirmed in the field; assumed to be correct.

Appraiser:Linda Coneen, MRA, SRA & Julia A Lee, SRA, RAAddress:Cape Cod Appraisal Partners, 95 Rayber Rd, Orleans, MA 02653The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible<br/>assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal<br/>report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by<br/>the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective<br/>Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or<br/>Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability,<br/>or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

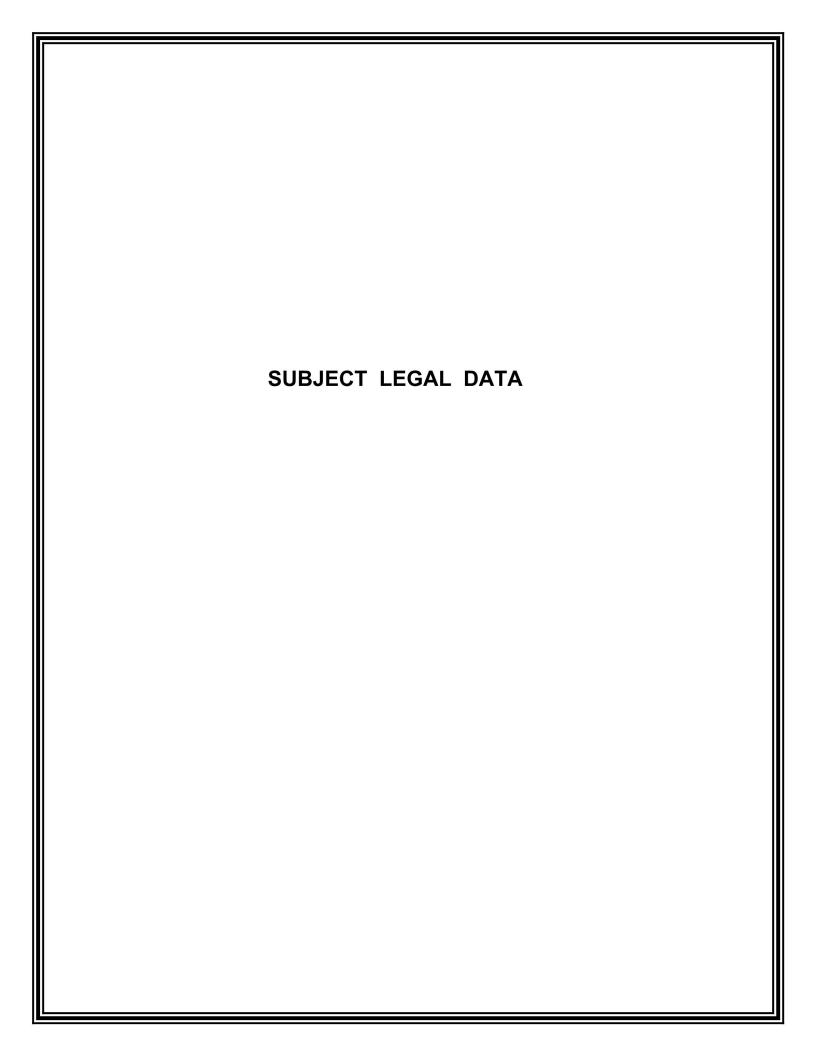

APPRAISAL FORMAT: This is a Real Estate Appraisal report developed and prepared under Standards Rules 1 and 2 of the Uniform Standards of Professional Practice as promulgated by the Appraisal Standards Board of the Appraisal Foundation, 2018-2019 Edition, and all applicable laws, regulations, and guidelines.

The value appraised is market value. Market value is defined as: "The most probable price, as of a specified date, in cash, or in terms equivalent to cash, or in other precisely revealed terms, for which the specified property rights should sell after reasonable exposure in a competitive market under all conditions requisite to a fair sale, with the buyer and seller each acting prudently, knowledgeably, and for self-interest, and assuming that neither is under undue duress."

#### QUITCLAIM DEED

YANKEE VILLAGE OF BREWSTER DEVELOPMENT CORP., a Massachusetts Limited Dividend Corporation, having a principal place of business at 11 Neck Pond Road, Post Office Box 753, Osterville, Barnstable County, Massachusetts 02655,

in consideration of EIGHTY THOUSAND, FIVE HUNDRED AND 00/100 (\$80,500.00) DOLLARS,

grants to ELAINE ELLIS, of 105 State Street, Brewster, MA 02631;

with QUITCLAIM COVENANTS,

the land together with the buildings thereon situated in Brewster, Barnstable County, Massachusetts, more particularly bounded and described as follows:

LOT 9 as shown on a Plan entitled, "Clipper Village Subdivision Plan of Land in Brewster, MA, as prepared for Yankee Village at Brewster Development Corporation in Brewster, MA," prepared by Schofield Brothers, Orleans, MA, dated August 25, 1993, and recorded with the Barnstable County Registry of Deeds in Plan Book 498, Page 42.

Said conveyance is made subject to rights, restrictions, easements, and covenants of record to the extent that the same are in force and effect and applicable.

Said conveyance is made subject to and with the benefit of those terms and conditions set forth in the "Local Initiate Program Deed Rider for Comprehensive Permit Ownership Projects," which Rider is attached hereto and expressly incorporated herein.

Appurtement to said conveyance is granted the right to travel on and over all streets shown on said Plan and to use said streets for all purposes for which streets are commonly used in the Town of Brewster, together with all others entitled thereto.

The Grantor does hereby reserve unto itself, its successors and assigns, the fee in those private roadways as shown on said Plan, and reserves the right to grant rights of way over said roadway to others for purposes for which roads are commonly used in the Town of Brewster.

Property Address: 212 Yankee Drive, Brewster, MA 02631

The conveyance of the property above does not constitute all or substantially all of the Corporation's assets.

BP+09530-0235 95-01-20 3+59 #03753

For title, see Deed recorded at Barnstable in Book 8806, Page 346 and Book 8921, Page 339.

Executed as a sealed instrument this 20th day of January /

YANKEE VILLAGE OF BREWSTER DEVELOPMENT CORP.,

#### WITNESSETH

WHEREAS, pursuant to M.G. L. c. 40B, §§20-23 (the "Act") and the final report of the Special Legislative Commission Relative to Low and Moderate Income Housing Provisions issued in April, 1989, regulations have been promulgated at 760 CMR 45.00 et seq. (the "Regulations") which establish the Local Initiative Program

WHEREAS, the Executive Office of Communities and Development of the Commonwealth of Massachusetts, an executive office duly organized and existing pursuant to Chapter 6A of the General Laws, acting by and through its Department of Community Affairs pursuant to Chapter 23B of the General Laws ("EOCD") administers the LIP Program on behalf of the Commonwealth;

WHEREAS, it is the purpose of the LIP Program to give cities and towns greater flexibility in their efforts to provide affordable housing to households having low and moderate incomes.

WHEREAS, the City/Town of <u>Brewster</u> (the "Municipality") acting by and through its Chief Elected Official (as that term is defined in the Regulations) has elected to participate in the LIP Program:

WHEREAS, EOCD has determined that the rights and restrictions granted herein to EOCD and to the Municipality serve the public's interest in the creation and retention of affordable housing for persons and families of low and moderate income and in the restricting of the resale price of property in order to assure its affordability by future low and moderate income

WHEREAS, pursuant to the LIP Program, eligible purchasers such as the Grantee are given the opportunity to purchase certain property at a discount of the property's appraised fair market value if the purchaser agrees to convey the property on resale to an eligible purchaser located by the Municipality or EOCD, to the Municipality, or to EOCD for a "Maximum Resale Price" equal to the appraised fair market value of the property at the time of

resale, as determined by EOCD, multiplied by the applicable Discount Rate (as hereinafter defined), or, if there is no eligible purchaser to purchase the property at the Maximum Resale Price, then for a lesser amount equal to or greater than the purchase price plus costs of capital improvements and marketing expenses;

WHEREAS, the Grantor and the Grantee are participating in the LIP Program, and in accordance with the LIP Program the Grantor is conveying that certain real property more particularly described in the Deed ("Property") to the Grantee at a consideration which is less than the appraised value of the Property; and

WHEREAS, a Discount Rate equal to 30 t of the appraised fair market value of the Property (the "Discount Rate") as determined by EOCD is hereby assigned to the Property, and such Discount Rate shall be used in determining the Maximum Resale Price of the Property (UPON ITS DETERMINATION OF THE DISCOUNT RATE FOR THE PROPERTY, EOCD WILL ISSUE TO THE GRANTEE A CERTIFICATE IN RECORDABLE FORM (THE "DISCOUNT RATE CERTIFICATE") WHICH STATES THE APPROVED DISCOUNT RATE FOR THE PROPERTY AND WHICH SHALL BE RECORDED WITH THE FIRST DEED OF THE PROPERTY.);

NOW THEREFORE, as further consideration from the Grantee to the Grantor, EOCD and the Municipality for the conveyance of the Property at a discount in accordance with the LIP Program, the Grantee, his heirs, successors and assigns, hereby agrees that the Property shall be subject to the following rights and restrictions which are hereby imposed for the benefit of, and shall be enforceable by, the Grantor's assignees and designees, the Secretary of the Executive Office of Communities and Development, or its successors, assigns, agents and designees ("Secretary") and the Municipality, acting by and through its Chief Elected Official.

1. Right of First Refusal: (a) When the Grantee or any successor in title to the Grantee shall desire to sell, dispose of or otherwise convey the Property, or any portion thereof, the Grantee shall notify the Secretary and the Municipality in writing of the Grantee's intention to so convey the property ("Notice"). The Notice shall contain an appraisal of the fair market value of the Property acceptable to the Secretary and the Municipality prepared by a real estate appraiser acceptable to the Secretary and the Municipality and qualified to appraise property for secondary mortgage markets and recognized as utilizing acceptable professional appraisal standards in Massachusetts, and the Notice shall set forth the Discount Rate and the Maximum Resale Price of the Property. Within thirty (30) days of the giving of the Notice by the Grantee, the Municipality shall notify the Grantee in writing (with a copy to the Secretary) as to whether the Municipality is proceeding to locate an eligible

purchaser of the Property or the Municipality shall exercise its right of first refusal to purchase the Property (the Municipality's Notice.) If the Municipality's Notice states that the Municipality is not proceeding to locate an eligible purchaser and that the Municipality shall not exercise its right of first refusal to purchase the Property, or if the Municipality fails to give the Municipality's Notice within said thirty (30) days then, and only under such circumstances, the Secretary may, at any time from the thirty first (31st) day after the giving of the Notice to and including the fortieth (40th) day after the giving of the Notice, notify the Grantee in writing (with a copy to the Municipality) as to whether the Secretary is proceeding to locate an eligible purchaser of the Property or whether the Secretary shall exercise its right of first refusal, to purchase the Property (the Secretary's Notice".) For the purpose of this Deed Rider, an "eligible purchaser" shall mean a purchaser who satisfies the criteria set forth in the LIP Program guidelines in effect at the time the Municipality or the Secretary locates such purchaser, and who, if located by the Municipality, is ready and willing to purchase the Property within ninety (90) days after the Grantee gives the Notice, or who, if located by the Secretary, is ready and willing to purchase the Property between ninety (90) days and one hundred five (105) days after the Grantee gives the Notice.

(b) In the event that (i) the Municipality's Notice states that the Municipality does not intend to proceed to locate an eligible purchaser and that the Municipality does not intend to exercise its right of first refusal to purchase the Property, or the Municipality fails to give the Municipality's Notice within the time period specified above and (ii) the Secretary's Notice states that the Secretary does not intend to proceed to locate an eligible purchaser and that the Secretary does not intend to exercise its right of first refusal to purchase the Property, or the Secretary fails to give the Secretary's Notice within the time period specified above, the Grantee may convey the Property to any third party free of all restrictions set forth herein, provided, however, all consideration and payments of any kind received by the Grantee for the conveyance of the Property to the third party which exceeds the Maximum Resale Price shall be immediately and directly paid to the Municipality. Upon receipt of this excess amount, if any, the Municipality, acting by and through its Chief Elected Official, and the Secretary or the Secretary's designee shall issue to the third party a certificate in recordable form (the "Compliance Certificate") indicating the Municipality's receipt of the excess amount, if applicable, or indicating that no excess amount is payable, and stating that the Municipality and the Secretary have each elected not to exercise its right of first refusal hereunder and that all rights, restrictions, agreements and covenants set forth in this Deed Rider shall be henceforth null and void. This Compliance Certificate is to be recorded in the appropriate Registry of Deeds or regis-

tered with the appropriate Registry District of the Land Court and such Compliance Certificate may be relied upon by the then owner of the Property and by third parties as constituting conclusive evidence that such excess amount, if any, has been paid to the Municipality, or that no excess amount is payable, and that the rights, restrictions, agreements and covenants set forth herein are null and void.

(c) In the event the Municipality, within said thirty (30) day period, notifies the Grantee that the Municipality is proceeding to locate an eligible purchaser or that the Municipality shall exercise the Municipality's right of first refusal to purchase the Property, the Municipality may locate an eligible purchaser, who shall purchase the Property at the Maximum Resale Price subject to Deed Rider satisfactory in form and substance to EOCD, within ninety (90) days of the date that the Notice is given or the Municipality may purchase the Property itself at the Maximum Resale Price within ninety (90) days of the date that the Notice is given. If the Municipality shall fail to locate an eligible purchaser who purchases the Property within ninety (90) days of the date that the Notice is given, and if the Municipality fails to purchase the Property itself within said period, then, and only in such circumstances the Secretary, without any additional notice to the Grantee, may between ninety one (91) days of the date that the Notice is given and one hundred five (105) days of the date that the Notice is given, purchase the Property itself at the Maximum Resale Price, or locate an eligible purchaser, who shall between ninety one (91) days and one hundred five (105) days of the date that the Notice is given purchase the Property at the Maximum Resale Price, subject to a Deed Rider satisfactory in form and substance to EOCD. If more than one eligible purchaser is located by the Municipality, the Municipality shall conduct a lottery or other like procedure approved by EOCD to determine which eligible purchaser shall be entitled to the conveyance of the Property. If more than one eligible purchaser is located by the Secretary, the Secretary shall conduct a lottery or other like procedure in the Secretary's sole discretion to determine which eligible purchaser shall be entitled to the conveyance of the Property.

(d) If an eligible purchaser is selected to purchase the Property, or if the Municipality or the Secretary elects to purchase the Property, the Property shall be conveyed by the Grantee to such eligible purchaser or to the Municipality or the Secretary as the case may be, by a good and sufficient quitclaim deed conveying a good and clear record and marketable title to the Property free from all encumbrances except (i) such taxes for the then current year as are not due and payable on the date of delivery of the deed (ii) any lien for municipal betterments assessed after the date of the Notice, (iii) provisions of local building and zoning laws, (iv) all easements, restrictions,

covenants and agreements of record specified in the Deed from the Grantor to Grantee, (v) a Regulatory Agreement among EOCD, the Municipality and <u>Yankee Village of Brewster Development Corp.</u> [the Project Sponsor] dated <u>February 9, 1994</u> and recorded with the <u>Barnstable</u> Registry of Deeds in Book <u>9079</u>, Page <u>174</u> (the "Regulatory Agreement") or any successor regulatory agreement entered into between EOCD and the Municipality pursuant to the provisions of Section 16 of the Regulatory Agreement, (vi) such additional easements, restrictions, covenants and agreements of record as the Municipality and the Secretary consent to, such the event that the Property is conveyed to an eligible purchaser, a Deed Rider satisfactory in form and substance to EOCD which the Grantee hereby agrees to annex to said deed.

(e) Said deed shall be delivered and the purchase price paid (the "Closing") at the Registry of Deeds in the County where the Property is located, or at the option of the eligible purchaser (or the Municipality or the Secretary, as the case may be, if the Municipality or the Secretary is purchasing the Property), exercised by written notice to the Grantee at least five (5) days prior to the delivery of the deed, at such other place as the eligible purchaser (or the Municipality or the Secretary, as the case may be, if the Municipality or the Secretary is purchasing the Property) may designate in said notice. The Closing shall occur at such time and on such date as shall be specified in a written notice from the eligible purchaser (or the Municipality or the Secretary is purchasing the Property) to the Grantee, which date shall be the least five (5) days after the date on which such notice is given, and if the eligible purchaser is located by the Municipality, or if the Municipality is purchasing the Property no later than ninety (90) days after the Notice is given by the Grantee, or if the eligible purchaser is located by the Secretary, or if the Secretary is purchasing the Property, no earlier than ninety one days (91) days after the Notice is given by the Grantee and no later than one hundred five (105) days after the Notice is given by the Grantee.

(f) To enable Grantee to make conveyance as herein provided, Grantee may if he so desires at the time of delivery of the deed, use the purchase money or any portion thereof to clear the title of any or all encumbrances or interests; all instruments so procured to be recorded simultaneously with the delivery of said deed.

(g) Water and sewer charges and taxes for the then current tax period shall be apportioned and fuel value shall be adjusted as of the date of Closing and the net amount thereof shall be added to or deducted from, as the case may be, the purchase price payable by the eligible purchaser or by the Municipality or the Secretary. (h) Full possession of the Property free from all occupants is to be delivered at the time of the Closing, the Property to be then in the same condition as it is in on the date hereof, reasonable wear and tear only excepted.

(i) If Grantee shall be unable to give title or to make conveyance as above stipulated, or if any change of condition in the Property not included in the above exception shall occur, then Grantee shall be given a reasonable time not to exceed thirty (30) days after the date on which the Closing was to have occurred in which to remove any defect in title or to restore the Property to the condition hereby provided for. The Grantee shall use best efforts to remove any such defects in the title whether voluntary or involuntary and to restore the Property to the extent permitted by insurance proceeds or condemnation award. The Closing shall occur fifteen (15) days after notice by Grantee that such defect has been cured or that the Property has been so restored. The eligible purchaser (or the Municipality or the Secretary, as the case may be, if the Municipality or the Secretary is purchasing the Property) shall have the election, at either the original or any extended time for performance, to accept such title as the Grantee can deliver to the Property in its then condition and to pay therefore the purchase price without deduction, in which case the Grantee shall convey such title, except that in the event of such conveyance in accordance with the provisions of this clause, if the Property shall have been damaged by fire or casualty insured against or if a portion of the Property shall have been taken by a public authority, then the Grantee shall, unless the Grantee has previously restored the Property to its former condition, either:

- (i) pay over or assign to the eligible purchaser or the Municipality or the Secretary as the case may be, on delivery of the deed, all amounts recovered or recoverable on account of such insurance or condemnation award less any amounts reasonable expended by the Grantee for the partial restoration, or
- (ii) if a holder of a mortgage on the Property shall not permit the insurance proceeds or the condemnation award or part thereof to be used to restore the Property to its former condition or to be so paid over or assigned, give to the eligible purchaser or to the Municipality or the Secretary, as the case may be, a credit against the purchase price, on delivery of the deed, equal to said amounts so retained by the holder of the said mortgage less any amounts reasonable expended by the Grantee for any partial restoration.

(j) If the Municipality fails to locate an eligible purchaser who purchases the Property within ninety (90) days after the

Notice is given, and the Municipality does not purchase the Property during said period, and the Secretary fails to locate an eligible purchaser who purchases the Property between ninety one (91) days and one hundred five (105) days after the Notice is given, and the Secretary does not purchase the Property within said period, then following expiration of one hundred five (105) days after the Notice is given by Grantee, the Grantee may convey the Property to any third party free and clear of all rights and restrictions contained herein, including, but not limited to the Maximum Resale Price, provided, however, all consideration and payments of any kind received by the Grantee for the conveyance of the Property to the third party which exceeds the Maximum Resale Price shall be immediately and directly paid to the Municipality. Upon receipt of this excess amount, if any, the Municipality and the Secretary shall issue to the third party a Compliance Certificate in recordable form indicating the Municipality's receipt of the excess amount, if any, and indicating that the Municipality and the Secretary have each elected not to exercise its right to locate an eligible purchaser and its right of first refusal hereunder and that all rights, restrictions, agreements and covenants contained herein are henceforth null and This Compliance Certificate is to be recorded in the void. appropriate Registry of Deeds or registered with the appropriate Registry District of the Land Court and such Compliance Certificate may be relied upon by the then owner of the Property and by third parties as constituting conclusive evidence that such excess amount, if any, has been paid to the Municipality and that the rights, restrictions, agreements and covenants set forth herein are null and void.

2. <u>Resale and Transfer Restrictions</u>: Except as otherwise stated herein, the Property or any interest, therein shall not at any time be sold by the Grantee, the Grantee's successors and assigns, and no attempted sale shall be valid, unless:

(a) the aggregate value of all consideration and payments of every kind given or paid by the eligible purchaser (as located and defined in accordance with Section 1 above) or the Municipality or the Secretary, as the case may be, to the then owner of the Property for and in connection with the transfer of such Property, is equal to or less than the Maximum Resale Price for the Property, and (i) if the Property is conveyed to an eligible purchaser, unless a certificate (the "Eligible Purchaser Certificate") is obtained and recorded, signed and acknowledged by the Secretary or the Secretary's designee and the Municipality acting by and through its Chief Elected Official which Eligible Purchaser Certificate refers to the Property, the Grantee, the eligible purchaser thereof, and the Maximum Resale Price therefor, and states that the proposed conveyance, sale or transfer of the Property to the eligible purchaser is in compliance with the rights, restrictions, covenants and agreements contained in this

Deed Rider, and unless there is also recorded a new Deed Rider executed by the eligible purchaser which new Deed Rider the Eligible Purchaser Certificate certifies is satisfactory in form and substance to EOCD and the Municipality; (ii) if the Property is conveyed to the Municipality unless a Certificate (the "Municipal Purchaser Certificate") is obtained and recorded, signed and acknowledged by the Secretary or the Secretary's designee and by the Municipality, acting by and through its Chief Elected Official, which Municipal Purchaser Certificate refers to the Property, the Grantee, the Municipality, and the Maximum Resale Price for the Property and states that the proposed conveyance, sale or transfer of the Property to the Municipality is in compliance with the rights, restrictions, covenants and agreements contained in this Deed Rider; or

(b) pursuant to Sections 1(b) or 1(f), any amount in excess of the Maximum Resale Price which is paid to the Grantee by a purchaser who is permitted to buy the Property pursuant to Sections 1(b) or 1(f), is paid by the Grantee to the Municipality, and the Secretary or the Secretary's designee and the Municipality acting by and through its Chief Elected Official execute and deliver a Compliance Certificate as described in Section 1(b) or 1(f) for recording with the appropriate registry of deeds or registry district.

(c) Any good faith purchaser of the Property, any lender or other party taking a security interest in such Property and any other third party may rely upon a Compliance Certificate or an Eligible Purchaser Certificate or a Municipal Purchaser Certificate referring to the Property as conclusive evidence of the matters stated therein and may record such Certificate in connection with conveyance of the Property, provided, in the case of an Eligible Purchaser Certificate and a Municipal Purchaser Certificate the consideration recited in the deed or other instrument conveying the Property upon such resale shall not be greater than the consideration stated in the Eligible Purchaser Certificate or the Municipal Purchaser Certificate as the case may be. If the Property is conveyed to the Secretary, the acceptance by the Secretary of a deed of the Property from the Grantee and the recording of such deed shall be deemed conclusive evidence that all rights, restrictions, covenants and agreements set forth in this Deed Rider have been complied with and no certificate to that effect shall be necessary to establish the validity of such conveyance. If the Property is conveyed to the Municipality, any future sale of the Property by the Municipality shall be subject to the provisions of Section 4 of the Regulatory Agreement.

(d) Within ten (10) days of the closing of the conveyance of the Property from Grantor to Grantee, the Grantee shall deliver to the Municipality and to the Secretary a true and certified copy of the Deed of the Property, together with information as to

8/2/83

the place of recording thereof in the public records. Failure of the Grantee, or Grantee's successors or assigns to comply with the preceding sentence shall not affect the validity of such conveyance.

(e) Notwithstanding anything to the contrary contained in this Deed Rider, the Maximum Resale Price shall not be less than the purchase price which the Grantee paid for the Property plus the costs of capital improvements and marketing expenses.

(f) The Grantee understands and agrees that nothing in this Deed Rider or the Regulatory Agreement in any way constitutes a promise or guarantee by EOCD or the Municipality that the Grantee shall actually receive the Maximum Resale Price for the Property or any other price for the Property.

Restrictions Against Leasing and Junior Encumbrances: 3. The Property shall not be leased, refinanced, encumbered (voluntarily or otherwise) or mortgaged without the prior written consent of the Secretary and the Municipality, provided, however, that this provision shall not apply to a first mortgage granted in connection with this conveyance. Any rents, profits, or proceeds from any transaction described in the last preceding sentence which transaction has not received the prior written consent of the Secretary and the Municipality shall be paid to and be the property of the Municipality. In the event that the Secretary and the Municipality in the exercise of their absolute discretion consent to any such lease, refinancing, encumbrance or mortgage, it shall be a condition to such consent that all rents, profits or proceeds from such transaction which exceed the carrying costs of the Property as determined by EOCD and the Municipality in their sole discretion shall be paid to and be the property of the Municipality.

<u>Rights of Mortgagees</u>: (a) Notwithstanding anything 4. herein to the contrary, but subject to the next succeeding paragraph hereof, if the holder of record (other than the Grantor or any person related to the Grantor by blood, adoption, or marriage, or any entity in which the Grantor has a financial interest) of a first mortgage granted to a state or national bank, state or federal savings and loan association, cooperative bank, mortgage company, trust company, insurance company or other institutional lender or its successors or assigns (other than the Grantor, or any person related to the Grantor by blood, adoption or marriage, or any entity in which the Grantor has a financial interest) shall acquire the Property by reason of foreclosure or similar remedial action under the provisions of such mortgage or upon conveyance of the Property in lieu of foreclosure, and provided that the holder of such mortgage has given EOCD and the

BP:09530-0245 95-01-20 3:59 #03753

Municipality not less than (60) days prior written notice of its intention to foreclose upon its mortgage or to accept a conveyance of the Property in lieu of foreclosure, the rights and restrictions contained herein shall not apply to such holder upon such acquisition of the Property, any purchaser (other than the Grantor or any person related to the Grantor by blood, adoption or marriage, or any entity in which the Grantor has a financial interest) of the Property at a foreclosure sale conducted by such holder, or any purchaser (other than the Grantor or any person related to the Grantor by blood, adoption or marriage, or any entity in which the Grantor has a financial interest) of the Property from such holder, and such Property shall thereupon and thereafter be free from all such rights and restrictions.

(b) In the event such holder, conducts a foreclosure or other proceeding enforcing its rights under such mortgage and the Property is sold for a price in excess of the greater of (i) the sum of the outstanding principal balance of the note secured by such mortgage plus all future advances, accrued interest and all reasonable costs and expenses which the holder is entitled to recover pursuant to the terms of the mortgage and (ii) the Maximum Resale Price applicable on the date of the sale, such excess shall be paid to the Municipality in consideration of the loss of the value and benefit of the rights and restrictions herein contained held by the Secretary and the Municipality and released by the Secretary and the Municipality pursuant to this section in connection with such proceeding (provided, that in the event that such excess shall be so paid to the Municipality by such holder, the Municipality shall thereafter indemnify such holder against loss or damage to such holder resulting from any claim made by the mortgagor of such mortgage to the extent that such claim is based upon payment of such excess by such holder to the Municipality in accordance herewith, provided that such holder shall give the Municipality prompt notice of any such claim and shall not object to intervention by the Municipality in any proceeding relating thereto.) In order to determine the Maximum Resale Price of the Property at the time of foreclosure or other proceeding, the Municipality or EOCD may, at its own expense, obtain an appraisal of the fair market value of the Property satisfactory to such holder. The Maximum Resale Price shall be equal to the appraised fair market value so obtained, multiplied by the Discount Rate assigned to the Property. If the holder disagrees with such appraised value, the holder may obtain a second appraisal, at the holder's expense and the Maximum Resale Price shall be equal to the average of the two appraisal amounts multiplied by the Discount Rate. To the extent the Grantee possesses any interest in any amount which would otherwise be payable to the Municipality under this paragraph, to the fullest extent permissible by law, the Grantee hereby assigns its interest in such amount to said holder for payment to the Municipality.

8/2/93

5. Covenants to Run With the Property: (a) The Grantor and the Grantee, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, hereby grant and assign to the Municipality, the Municipality's agents, successors, designees and assigns and to the Secretary, the Secretary's agents, successors, designees and assigns the right of first refusal to purchase the Property as set forth herein, and the right to enforce the rights and restrictions, covenants and agreements set forth in this Deed Rider. The Grantor and the Grantee hereby grant to the Municipality and to the Secretary the right to enter upon the Property for the purpose of enforcing any and all of the restrictions, covenants and agreements herein contained, and to enforce the Municipality's and the Secretary's rights of first refusal to purchase the Property and the rights of the Municipality and the Secretary to designate a purchaser of the Property as set forth herein, and of taking all actions with respect to the Property which the Municipality or the Secretary may determine to be necessary or appropriate, with or without court order, to prevent, remedy or abate any violation of the restrictions, covenants and agreements and to enforce the Municipality's and the Secretary's rights of first refusal to purchase the Property and the rights of the Municipality and the Secretary to designate a purchaser of the Property set forth herein. The rights hereby granted to the Municipality and the Secretary shall be in addition to and not in limitation of any other rights and remedies available to the Grantor or the Municipality or the Secretary for enforcement of the restrictions, rights, covenants and agreements set forth in this Deed Rider. It is intended and agreed that all of the agreements, covenants, rights and restrictions set forth above shall be deemed to be covenants running with the Property and shall be binding upon and enforceable against the Grantee, the Grantee's successors and assigns and any party holding title to the Property, for the benefit of and enforceable by the Municipality, the Municipality's agents, successors, designees and assigns and the Secretary, the Secretary's agents, successors, designees and assigns for a period which is the shortest of (i) fifty years from the creation of the restriction, or (ii) upon the recording of a Compliance Certificate or (iii) upon the recording of an Eligible Purchaser Certificate and a new Deed Rider executed by the eligible purchaser referenced in the Eligible Purchaser Certificate, which new Deed Rider the Eligible Purchaser Certificate certifies is in form and substance satisfactory to EOCD and the Municipality or (iv) upon the conveyance of the Property to the Municipality and the recording of a Municipal Purchaser Certificate as set forth herein or (v) upon the conveyance of the Property to the Secretary in accordance with the terms hereof.

(b) This Deed Rider and all of the agreements, restrictions, rights and covenants contained herein shall be deemed to be an

affordable housing restriction as that term is defined in M.G.L. c. 184, § 31 and as that term is used in M.G.L. c. 184, §§ 26, 31, 32, and 33.

(c) The Grantee intends, declares and covenants on behalf of itself and its successors and assigns (i) that this Deed Rider and the covenants, agreements, rights and restrictions contained herein shall be and are covenants running with the land, encumbering the Property for the term of this Deed Rider, and are binding upon the Grantee's successors in title, (ii) are not merely personal covenants of the Grantee, and (iii) shall bind the Grantee, its successors and assigns and enure to the benefit of the Municipality and the Secretary and their successors and assigns for the term of the Deed Rider. Grantee hereby agrees that any and all requirements of the laws of the Commonwealth of Massachusetts to be satisfied in order for the provisions of this Deed Rider to constitute restrictions and covenants running with the land shall be deemed to be satisfied in full and that any requirements of privileges of estate are also deemed to be satisfied in full.

(d) Without limitation on any other rights or remedies of the Grantor, the Municipality, and the Secretary, their agents, successors, designees and assigns, any sale or other transfer or conveyance of the Property in violation of the provisions of this Deed Rider, shall, to the maximum extent permitted by law, be voidable by the Municipality, the Municipality's agents, successors, designees and assigns or by the Secretary, the Secretary's agents, successors, designees or assigns by suit in equity to enforce such rights, restrictions, covenants, and agreements.

6. <u>Notice</u>: Any notices, demands or requests that may be given under this Deed Rider shall be sufficiently served if given in writing and delivered by hand or mailed by certified or registered mail, postage prepaid, return receipt requested, to the parties hereto at the addresses set forth below, or such other addresses as may be specified by any party by such notice.

Remarks: The house is centrally located in Brewster with a right of way to the elementary school from Yankee Drive. The bike path is just outside of Yankee Drive and Sheep's Pond is about a 10 minute pedal. If you prefer open waters, Cape Cod Bay is just a few minutes away. Near the bike path is a convenient store with some of the best meats on the Cape . The post office, town hall and the library are all within 5 minutes. Brewster has a playhouse, Nickerson Park and numerous restaurants all on nearby 6A.

Agent Remarks: All showings to be set up in Showingtime 1(800)746-9464 Please also provide feedback via Showingtime for the Seller(s) to see! Directions: Use GPS

## FILE MEMO

April 18, 2019 site visit observations Re: 212 Yankee Drive, Map 77 Lot 37 (Former Map 26 Lot 164)

On Thursday afternoon, April 18, 2019 I visited the above property accompanied by Brewster Housing Coordinator, Jill Scalise. The purpose of my presence was to inspect the house to determine the extent of damage that may have been caused by a domestic water break in the Spring of 2017. My observation were as follows;

- Some rooms had floor covering removed which had the effect of allowing the structural floor sheathing to dry out quicker thus maintaining its structural integrity.
- Gypsum board (sheetrock) was removed from some of the first floor ceilings, also allowing the floor joist cavity to dry out quicker.
- In a number of locations, there was surface mold and possibly mold that penetrated deeper into gypsum wall board.
- The basement ceiling has fiberglass insulation in the first floor joist cavities.
   While fiberglass is not a food source for mold growth, it was obvious that this fiberglass insulation was saturated during and after the water break event.
- There was a gas boiler that had been replaced since the original house was constructed. This boiler system did obtain the proper Plumbing and Gas permits in 2009 yet there wasn't an inspection sticker applied to the appliance. Upon my request the Plumbing/Gas Inspector recently visited this site and determined that the appliance appeared to be satisfactorily installed but without having the unit fired and operated an inspection sticker cannot be applied. The Inspector noted that the replacement boiler triggered the requirement to introduce a hard wired CO detector in the basement.

## Recommendations:

- Remove all mold affected gypsum board to allow for cavity inspection.
- Have an electrician inspect wiring which was exposed to the water damage and perform a megger wire insulation test.
- Obtain final plumbing & gas inspection once the boiler system is operational.

Town of Brewster 2198 Main Street Brewster, MA 02631 Phone: (508) 896-3701 Ext 1125 Fax: (508) 896-8089 EMAIL: BUILDING@brewster-ma.gov www.brewster-ma.gov

Conclusions:

Other than the mold which has infected some of the gypsum board and the possibility of the water damage affecting the wall and joist cavity insulation and electrical wiring insulation, I do not see any signs of the buildings structural components having been compromised.

Sincerely,

Victor E. Staley Building Commissioner

VS/sp
