## **Nauset Regional District Mission, Vision, and Core Values**

- **Our mission** is to prepare each student to succeed in an ever-changing world by providing a rigorous academic program that integrates social-emotional learning and global awareness.
- **Our vision** is to provide enriching, diverse, and innovative opportunities to prepare students to be lifelong, self-directed learners and contributing members of society. By learning how to think critically, problem-solve, and collaborate with others, students will be able to reflect on their learning, set goals for themselves, and persevere when facing obstacles in a complex world. We will foster a global perspective through authentic learning experiences, expansion of the traditional classroom beyond the walls of the schools, and development of education partnerships and opportunities across the community, the United States, and countries world wide.
- **We believe** that education should inspire a passion for learning and that:
  - Every child matters
  - Every child is unique
  - Every child deserves to feel safe

**GOAL 1 - 21st Century Skills** Enable students to practice and apply 21st Century Skills throughout the PK-12 curriculum to acquire deeper learning and be prepared for our ever-changing world.

**GOAL 2 - Global Citizenship** Develop the cognitive, interpersonal, and intrapersonal competencies fundamental to global citizenship and cultural proficiency as well as the ecological understanding and skills needed to sustain our environment.

**GOAL 3 - Social-Emotional Learning** Facilitate students' and adults' development of the skills needed to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

**GOAL 4 - Professional Development** Provide ongoing professional development that supports the Strategic Plan by expanding teachers' application of interdisciplinary, authentic, research-based, and innovative teaching strategies.

**GOAL 5 - Community Schools** Create partnerships between the school and the community at large where all members of the community can come together to learn, to teach, and to share ideas.
