#### **Irrigation Water Source and Supply Project**

The Captains Golf Course is including the replacement of the existing Irrigation System in our Capital Plan. A critical component of that System is the Water Source and Supply. The existing Source and Supply dates back to the original course,1985, and is prone to regular flooding at even modest storm events. This flooding puts the existing systems at risk, as well as the golf courses, which are dependent on the irrigation system. Because of the age and vulnerability of the existing irrigation water source and supply, the Golf Course needs to prepare a Request for proposal for a Professional Engineering Firm to evaluate the existing components, determine which of those could be utilized the new system, and what improvements and new facilities need got be designed and built to supply the eventual irrigation system with a reliable source and supply of water. The Course is planning on a design of the source and supply that will have a useful of the system of 40 years. Because of that, the adequacy of the water source/supply, which is the heart of the system is most critical.

The new system, both source/supply and irrigation will be designed and built to allow the Operations Staff to maintain the high-quality course that we have come to expect at Captains, while offering a high degree of reliability and efficiencies of operations. The new system will be designed to be in strict compliance with the DEP water withdrawal permit, and to shorten the daily irrigation times to the extent practicable, and also eliminate the issue of pump station flooding.

Looking at the useful life we would like to achieve, and the fact that the water source/supply is the single most important part of the system, the Golf Course feels the necessity of this Study to be done in a thorough and timely manner prior to the irrigation system is critical.

It is anticipated that this Study will cost in the neighborhood of \$100,000 and take up to a year to complete. With the Study in hand, the Golf Course could then design the recommended action in the Study, and finally bid and construct the Water Source/Supply Improvements.

The Source/Supply Improvement Project Construction Cost is expected to be in the \$2,000,000 range, and the project Design, Bid, and Construction could take 2-3 years to complete.

During the construction of this Project, the Irrigation System could be bid and built. The current Irrigation Project is budgeted at \$6,000,000 and would take 2 years to complete.

## **GOLF COMMISSION Minutes of July 11th, 2023**

Commissioners Present: Anne O'Connell (Chair), Andrea Johnson (Vice-Chair), Rob David, John Kissida, Wyn Morton, and Jay Paggi.

**Others Present**: Jay Packett (Director of Operations), Colin Walsh (Superintendent), Rob Harris (CCMGA).

THIS MEETING WAS VIDEO RECORDED. The meeting may be viewed at: https://reflect-brewster-ma.cablecast.tv/CablecastPublicSite/show/7595?site=1

Jay Packett read the meeting participation statement and called the meeting to order at 4:00 p.m.

**Declaration of a Ouorum** – There were 6 golf commissioners present declaring a quorum.

**Commission Reorganization:** Andrea Johnson was nominated as the next Chair and John Kissida was nominated as the Vice-Chair position. Both nominations were approved by rollcall.

**Public Comment:** Andrea Johnson expressed gratitude for Anne O'Connell's leadership and contributions to the commission. A quote from Peter Lombardi (Town Administrator) praised Anne's diligence, communication skills, and institutional knowledge. John Kissida, representing the Select Board, thanked Anne for her leadership and handling challenges with wisdom, grace, and humor. Anne O'Connell expressed her appreciation for the kind words. The meeting moved on to public comments, noting no participants in the waiting room. Jay Packett welcomed Jay Paggi to the Golf Commission

Superintendent's Report: Colin Walsh began by discussing the hot weather and turf grass diseases. He mentioned the use of the hydration stations for player hydration. He updated the Golf Commission about pump house issues, stating one pump was damaged by lightning and required repairs, leaving them with a single pump for 3 to 6 weeks. He mentioned using sprinklers early in the evenings and shared a cost estimate range of \$11,000 to \$15,000 for repairs. He talked about the preliminary phase of the maintenance building rehabilitation and meeting with Kurt Raber for planning. Colin Walsh noted a pump house protection study meeting, detailing options to mitigate flooding, including moving the pump house. He reported on aerating greens for root preservation and the minimal impact on conditions. Colin Walsh spoke about personnel shortages and the positive work environment with a dedicated team of employees.

Update on 1st Tee area planting project: John Kissida provided an update on the collaboration with

Friends of Captains for the project. They received a positive response from The Friends after outlining their approach and discussing funding and labor involvement. The project aims to enhance areas around the starter shack and create an appealing entrance. Colin Walsh mentioned using native plantings, perennials, and drip irrigation for sustainability and visual impact. John Kissida added that Friends' assistance will extend to revamping the clubhouse area and removing old shrubs for a better arrival experience. This partnership allows for enhancements beyond the budget's scope, with hopes to allocate funds from the enhancements budget.

Director's Report: Jay Packett provided the financial update, covering several topics as follows:

- 1. Budget Status: The balance of over \$100,000 decreased due to unexpected expenses, mainly rising fuel and maintenance costs.
- 2. Comparison Reports (June 2023 vs. June 2022): Revenue was up by \$53,000 due to higher membership and greens fees, and increased riding cart usage.

Course Operations Questions and Concerns: Rob David sought clarification on the fiscal page regarding solar revenue. Jay Packett confirmed that the solar revenue is recurring, and last year's revenue was around \$72,005. Solar revenue was subject to a 2% escalator due to the absence of an energy manager.

Anne O'Connell expressed concern about the FY 24 budget and the potential for a similar or worse situation in FY 25. Jay Packett acknowledged the need for wiser spending and explained that unforeseen expenses, such as plumbing issues and fuel costs, played a significant role. He emphasized the challenges of managing and sourcing parts for equipment maintenance. Anne O'Connell pointed out that the budget process needed consideration for infrastructure aging. Colin Walsh suggested creating a specific line item for pump station expenses, considering their recurrent issues. The discussion also touched on the effects of lightning strikes and the possibility of improving grounding. Colin Walsh shared insights into the frequent maintenance and repairs of the pump station over the years

Review and Discussion on Membership Numbers: Jay Packett provided an update on membership statistics. Jay Packett noted there are currently 1150 members, which is 13 more than the same time in 2022. The increase in play has led to some members getting later tee times than desired, especially on popular days like Mondays. In June, member play accounted for 49% of all play, which is a good percentage. The introduction of the additional 25 non-resident players hasn't significantly impacted play, and Jay Packett is comfortable with the current membership count. He anticipates potentially gaining a few more members and will consider offering offseason memberships in the future. Discussions on this

topic are expected to continue more in the future.

Anne O'Connell mentioned that last year, 19 people joined between the current date and the end of the calendar year. She questioned if the goal of 25 non-resident members has been fulfilled with the current count of 24. She believes the current membership count is sufficient and that they shouldn't open to more non-resident members. Jay Packett expressed comfort with the current membership count and noted that while some members may get shut out of their preferred tee times, most understand the situation. The peak tee time requests are between 7:00 and 10:30 AM. He advised members to consider wider tee time windows for better chances.

Strategic Planning Updates (Commission) John Kissida provided updates on 1st Tee planting and discussed the importance of addressing the pump station's vulnerability due to global warming and increased storms. He emphasized the need for a comprehensive solution considering the future irrigation system and the fact that short-term fixes won't suffice. He suggested integrating the pump station upgrade with the irrigation project. He also mentioned the significance of the maintenance building. He stressed that these projects are substantial and likely to be budget-intensive due to rising costs and competition for contractors. The discussion revolved around the challenges of pump station repair and renovation, with Colin Walsh acknowledging the complexities involved. The talk also touched upon the need to mitigate the ongoing pump station issues and considerations for potential new well drilling. Overall, the focus was on addressing long-term solutions for critical infrastructure needs. The conversation then shifted to signage updates, with Jay Packett mentioning receiving mock-ups for signage but awaiting pricing details. They plan to finalize the verbiage and move forward soon.

Questions and Comments from Associations and Liaisons: Rob Harris from the CCMGA reported having 166 members, an all-time high. They secure the first two hours of tee times on Wednesdays, accommodating 64 players. They had 84 members sign up recently, leading to 20 cuts. They manage cuts through a list, aiming to cut everyone once. Due to demand, cuts might extend through July. A survey of 266 members revealed that those playing more frequently face more shutouts, with those playing four days a week experiencing the most. Future discussions on tee time allocation are anticipated.

Future Agenda Items and Meetings: Anne O'Connell mentioned her absence for the next meeting and noted that Jay Packett will also be unavailable for the first meeting in August. A suggestion was made to potentially reschedule the July 25th meeting or consider having the August meeting on a different date to accommodate these conflicts. The idea of shifting the meeting date to the fourth Tuesday of August was proposed, as it seemed to be a more feasible option. John Kissida mentioned that last year, the commission only met once in August. The topic of the business manager job description being advertised was also touched upon, with Jay Packett mentioning that he will share the description once it becomes public.
